

## **Action169**

### **Get Involved**

#### **1. Prayer**

We believe prayer is the most powerful & effective weapon to combat slavery. Refer to the Action169 Prayer Guide, which is constantly being added too, with fresh revelation & scripture from our Sunday Night Prayer Calls.

It is crucial we are covered in prayer on our outreach nights, during our support groups and/or meetings with those in the commercial sex industry. If you are interested in being on the prayer team, e-mail us at [Info@Action169.com](mailto:Info@Action169.com)

#### **2. Financial Sponsor**

##### **Multiply Your Pennies**

Alter everyday spending choices to save money and become a partner. Human Sex Trafficking is a 32 Billion-Dollar Industry. We must put our money where our mouths are and speak a stronger word than the injustice itself.

\$750/Month Covers the cost of our first **Highway Awareness Billboard**.

##### **Outreach & Intervention**

Our Outreach efforts are infused with prayer & love. We provide gifts to those in the sex industry, gifts which make a way for love to prevail & for connections to be made. We seek to show the Love of the Fathers Heart & build relationships.

\$20 Covers the cost of one Gift Bag that will reach a daughter.

\$250 is the cost of one case (88 bibles) of Scriptures especially designed by our partners with the Daughters in mind.

\$500 GEMS Survivor Guide Case of 25 – Help us equip those we reach with the GEMS Survivor Guide, a trusted tool we use and provide.

\$100 covers the typical months cost to travel to speaking engagements, the Outreach groups, Engagements/Events, Prayer Mobilizing, and Intervention as needed.

**7. Request a Speaker**

As an overcomer of sexual exploitation, Danielle Freitag is passionate about helping people understand the realities of the commercial sex industry. Using a combination of her personal story, biblical insights and her addiction's counseling degree she sheds light on the impact & realities of the industry.

**8. Write for Their Rights**

Lobby your local politicians to advocate for those without a voice.  
Check the POLARIS PROJECT for ways to inform your elected officials.

**9. Invite Action169**

**Action169** tour dates for 2016 are filling up. Invite our team to bring awareness, educate and provide solutions that counter the cultural lies that exists which fuel human sex trafficking and sexual exploitation.
